Union Heard From.

In election times it is quite common to hear the interested ask if you have heard from Union. Well, we "heard from Union" in a most substantial way Saturday. Lawson Franklin drove into town with a wagon pretty well loaded with donations from the good people of that section for the Red Cross Society. There was a fine country ham, two chickens, a bushel of corn, \$7.50 in money, 1,224 eggs, and other items which we do not recall.

GIFT OF SEED CORN TO KENTUCKY FARM SCHOOL

The Glen Springs, Ky. College of Agriculture is in receipt of a gift of the celebrated Tennessee Seed corn, by T. N. Figuers, the Seed Corn King of Tennessee. Mr. Figuers recognized the shortage in Kentucky of seed corn and has very kindly made this gift to the Agricultural department of the Glen Springs College in the hope that it might be beneficial to the "Future Farmers," in that section of the state.

A sacramental service will be held at the Main Street Presbyterian Church next Sunday at 11 o'clock.

Central Parent-Teacher Association Co-operating in Relief Work.

Central Parent-Teacher Association, through the child welfare committee, of which Miss Mary Fuller, principal, is chairman, and under the leadership of Mrs. Leon T. Wilsey, president of the Association is making plans for co-operating with the Belgian Relief Committee of the northwest section of the city, of which Mrs. W. F. Payton is chairman.

The work will be done in the sewing rooms of Central, which are not in use this year, and which, for the present, will be opened any day to suit the convenience of those wishing to sew. Later a specific day probably will be named for weekly work.

The material now on hand is leftover remnants and partially worn children's garments collected by the school children of homes in the district. The work will be distributed among the needy of the Central school district, as has been the custom of the P.T.A., among the local Welfare League, and among the French Relief Committee.

All women of the Association and district are asked to assist. Mrs. Leon T. Wilsey was Miss Stella Thurmond, a graduate of Marion High School. Mrs. Wilsey is a daughter of Mr. and Mrs. E. E. Thurmond and a granddaughter of Mrs. Annie V. McFee of Wilson Ave.

Schwab Willing to Quit Bethlehem Steel plant to aid U. S. Government Ship Work.

Washington, April 19, Charles M. Schwab has told the Shipping Board that he is willing to resign his Bethlehem steel connections, if necessary, to undertake the work of Director General of the Emergency Fleet Corporation.

Officials of the board do not believe it will be necessary for Mr. Schwab to make such a sacrifice. They pointed out here that he will have nothing to do with letting of contracts, and that in addition, virtually every yard in the United States already has all the contracts it can fulfill until 1920. The yards which Mr. Schwab controls are engaged almost exclusively on work for the navy.

Department of Agriculture Advises Farmers to Sell Hens Gradually After May 20

Washington, D. C.

The United States Department of Agriculture again advises farmers to sell their hens gradually and not to glut the market immediately after Apr. 20 when the restriction against the sale of hens is removed. Hens should be sold gradually. This will stabilize the market and bring better prices for them. It will mean more eggs. Every laying hen at this season produces eggs at far less cost for feed than during the winter.

THE MOTHER OF
SOLDIER WRITES

Interesting Letter About Her Trip to Camp Sherman. Son Was Ill.

Having just returned from Camp Sherman, whither a wired message summoned me to the bedside of my son who was critically ill I feel that after ten days mostly spent in one of the two pneumonia wards at the base hospital, where there were seventy cases of this disease, I'd be ungrateful for the courtesies shown me and disloyal to my government did I not tell the mothers of America as "one having authority" that nothing is left undone which may contribute to their sons' well being. Tenderness surrounds the sick on all sides. Skillful surgeons, actuated by sublime disregard of their ease, conscientious nurses maintaining cheerfulness gentleness their constant ministrations, facilities which only the most scientific plans could assemble combined to make the war hospital ideal.

Representatives of the Y. M. C. A., W. C. T. U. and K. of C. visit forty wards accommodating fourteen hundred patients, write letters boys and in various ways add to their comfort. The Library at the Base Hospital is filled with books contributed by loyal citizens and is a source of delight to the convalescents. Community House, built by the Red Cross Society, has dancing space, rest rooms, lecture platform, post office and dining service, though built for temporary use it is artistic and beautiful. The insignia of the Society is everywhere in evidence: columns and woodwork emblazoned with the Red Cross. Here one finds among the soldiers a "bon comrade" that is truly commendable. "High erected thoughts in a heart of courage," seems to be the motto of the men. Of course there are exceptions. The Duke of Wellington said, "a uniform does not make a soldier," nor does a uniform make a gentleman.

Snobs and ruffians as soldiers, officers and privates—are snobs and ruffians as civilians.

The D. A. R. Masonic, W. C. T. U., Columbus and Red Cross houses accommodate about eighty-five guests each with rooms. The maids at their places and the waitresses at the Community House are wives of soldiers, pocketing any false pride serving their country and earning their living. So much authentic information relative to the effort to care for the soldiers has already been given that these details might seem unnecessary were we not aware of the rumblings in the forum as in the market place which betray the unfortunate skeptical attitude of those afar off and some in our midst.

So it gives me great pleasure to urge parents to dissipate all apprehension regarding possible neglect and indifference on the part of those to whom our boys lives and souls have been entrusted and in whose care they must remain until this awful holocaust is ended and the Hohenzollerns are dwellers in a warmer clime—you recall they want "a place in the Sun."

Suffered Several Years. PERUNA MADE ME WELL

Mrs. Elizabeth Reuther, 1002 11th St., N. W., Washington, D. C., writes: "I endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered several years. I took it for several months, found my health was restored and have felt splendidly ever since. I now take it when I contract a cold, and it soon rids the system of any catarrhal tendencies."

FORD'S FERRY

The people of Crittenden county can not possibly buy as many Liberty bonds as the people of Union county. Why so? Simply because the county northeast of us possesses more material wealth than our own county. We feel absolutely sure, however, that every patriotic man or woman in Crittenden, who has got plenty of money, will support the great in most wholehearted way.

More people have been afflicted with measles during the past few months than has ever before been known in this part of the country. A partial list of the sufferers include the following: Jack Hughes, Martha Hughes, Alma Heath, Glen Rankin, Henry Woods, Hubert Curry, Mary Ainsworth, Willie Phillips, Mary Barnes and others, over forty, all told.

The greatest battle that the world has ever known has just finished its first stage. No one knows how long

this mighty combat will last. Possibly it may continue for several weeks. The Germans gained considerable during the first 10 days battle, but they paid such a fearful price for this territory that it will not do them any good. We feel sure that the German advance will be completely halted. Under the leadership of the wonderful Foch, we confidently believe the Allies will achieve magnificent success in the near future. Possibly more than 6,000,000 men may take part in the present battle and over 2,000,000 may be killed and wounded. Truly it can be said that Waterloo and Gettysburg were little skirmishes compared with the great battle of Verdun.

Watch Out For Your Vitality This Month

You want to be very careful as to your vitality this month. You see you have been loading up your system with heavy food and your organs of elimination have become so clogged up with poisonous matter that your vitality is lowered. This made you most susceptible to colds, bronchitis, catarrh, pneumonia, and all sorts of diseases. Your liver is sluggish, your digestion is bad, and your bowels and kidneys are not working right.

Best thing to do is to come in and get a bottle of Vin Hepatica, the universal purifier and tonic, which will thoroughly, yet gently, cleanse your entire system, restore your vitality and make you not only feel like a new person but make you proof against diseases so prevalent this time of the year.

Obituary.

Orto Ethridge Harmon, son of Thomas and Maggie Harmon, was born Nov. 2, 1869; died March 19, 1918, aged 47 years, 4 months and 17 days.

He leaves a father, mother, and two brothers, Sixie and Aubrey Harmon, and one sister, Reba May Harmon, to mourn their loss, but his eternal gain. He said to his friends at Alamogordo, New Mexico, that he was ready to meet the Savior. He was a victim of tuberculosis and had been suffering from this dreadful malady for more than a year. Everything possible had been done to check the ravages of the disease, but without avail.

The family desires to thank the good people of Repton for their kindness during the last sad hours of their dear boy; also thanking the good people of Alamogordo for their kindness to Bro. Harmon in the death of his son.

There were many beautiful floral offerings. The funeral was conducted by the writer in the presence of a large congregation at the Crowell cemetery, where he was laid to rest. May the God of love bless and comfort your hearts is my prayer.

The Allotment Flag.

Francis B. Gregory.

Here's the banner The Government offers:

As a symbol of "duty well done". If Crittenden buys the allotment Of bonds in 'The Liberty Loan, Civic pride should inspire us to win it, Earnest will capture the prize;

Yet there's more in aching such honor

Than you may at first realize - Every soldier-boy dreams of sure Victory.

God grant that his dream may come true.

Altho God, in His mercy, protect him,

Yet some aid is expected of you Therefore, dig way down deep for your dollar:

"Over the top" with your gold: Shell out your shekels, your due:

On purse strings now loosen your hold;

Uncle Sam guarantees every penny:

Aid, protect each brave boy "over there";

Now most loyally strive:

Be an "Ace" in the "Drive" Toward The Liberty Loan, Do Your Share

FARM FOR FREEDOM

Boys wanted, 16 to 21 years Have Your Name on Honor Roll.

Have you enrolled yet in the U. S. Boys Working Reserve? Some one has told you perhaps that if you enrolled you would be drafted into the army at once. THIS IS NOT TRUE. The Boys Working Reserve is not in any way connected with the army or navy. Your government does not want you to fight. It will not take you from your own farm, where your father needs you, and place you elsewhere. WATCH THOSE PEOPLE WHO TELL YOU SUCH TALES!

If the United States Boys Working Reserve should fail, Germany will rejoice. Mr. Farmer, if you do not allow your boy to join, on whose side are you casting your influence?

Germany's Big Gun is pointed in the direction of American homes. So long as Germany lives as she is now, America's homes are in danger. BOYS! Men!—where do you stand? Don't wait for a second invitation to join the Boys Working Reserve. AMERICA MUST WIN! America will win! But each man, woman and child must do his part. How much do you think of "Old Glory?"

How much do you mean by your "patriotic speeches?" Actions speak louder than words. Boys, if you want to lick the Kaiser—and we are going to help—enroll in the Boys Working Reserve NOW. No red tape, no money. Uncle Sam just wants to get a line on those who are doing their bit. Next week we want to publish "Honor Roll" of Crittenden county boys who are anxious to do their bit in the war. If you are a "slacker," don't enroll. If you are half-hearted as to who wins the war, don't enroll; but if you believe in America first, if you would really like to see Old Glory floating over Berlin; if you would really like to see the hands of German militarism, which has committed crimes too horrible for human lips to describe, bound forever, see the enrolling officer nearest you and let him enroll you. If you do not understand fully, write your County Director, Hollis C. Franklin, Marion, Ky., and let him explain the plan and, if you want him to, he will take your enrollment. Wear the button. Boys, have your name on Crittenden county's Honor Roll.

Hunger Flags Are Flying

An editorial in the May Women's Home Companion says:

"It has been more than a year since this news came from Amsterdam: 'A few days ago there was displayed from the belfry of Lanaeken, Belgium, the "flag of misery" or "hunger flag," and the tocsin was sounded to let the surrounding country know that city was dying of hunger. There was nothing to eat anywhere: no bread, no potatoes, not one of the absolutely necessary foods. Measures were taken at once to relieve this town—but who can tell how many hunger flags will fly from towns oppressed by the Boches?"

"Not only Belgium, but other sections must see the hunger flag unless every housewife helps us to win the war, helps in the kitchen by caring for not only her own son, but all children, by giving wise war service, or by joining, or training to join, the ranks of labor."

... This paper has enlisted
with the government in the
cause of America for the
period of the war ...

When you meet some ill-bred
child or grown up on the street
who refuses to speak to you and
who refuses to recognize any one
but their all important self, do
not be too severe in your criticism
of them. The grown up usually
has the big head and de-
serves to be ignored. Nine out of
ten the children are innocent
of any breach of etiquette. It is
the parent, and not the child who
is responsible for the most of this
lack of good manners on the
part of the child. A good judge of
human nature can, with a glance,
go into a crowd of little children,
or meet these little fellows on the
street, and tell how they are reared
at home. Your children tell on
you every time they get from under
your control. Your child is
as polite as gentle, as sweet and
interesting as your teaching at
home makes it.

Lack of space caused us to
leave out the following resolutions
which were offered by Rev.
T. C. Newman, of Marion, and
adopted by a rising vote by the
C. P. Presbytery, in session April
9th 10th 11th, at Madisonville.

Be it resolved by Princeton
Presbytery of the Cumberland
Presbyterian church:

1 That we declare ourselves
unconditionally on the side of
our great government in this
world war, because the United
States of America is fighting for
the God given rights of humanity.

2. We most heartily endorse
the Good Samaritan activities of
the Red Cross Society and recom-
mend every member of each
of our congregations to become
a paying and working member
thereof.

3. We earnestly urge that every
pastor of our Presbytery arrange
for a special patriotic service to
be conducted in each of his
congregations.

4. We recommend that all of
our people who can possibly afford
to do so, buy a United States
Liberty Bond.

5. We insist that all of us con-
sider it our patriotic duty to re-
port to the proper officials any
disloyal language we hear and
any un-American deed we see
committed.

6. We promise our prayers and
influence to the President, the
Commander-in-Chief of the Ar-
my and Navy of the United States
of America, through this war
against the kaiser of the ungodly
German government

By neglecting to take all the
Liberty Bonds you can, you are
helping the Kaiser, you are
making the war last longer, you

Liberty Bonds Liberally Taken.

GERMAN SUBMARINES

And From Other Causes Loss at
Sea Ruins Farmers as Their
Products Can't Move.

Herbert Quick says in the April
Farm and Fireside:
When the war broke out, through
terror and surprise and panic we
gave up for a while the use of
the sea as a highway. To a great
extent we gave it up. And so long
as we gave it up, we, the farmers
of America, were ruined. I know
an Iowa farmer who sold his 1914
crop of 25,000 bushels of wheat
for seventy cents a bushel. Farmers
in the South sold their cotton for
half the cost of producing it, and
were facing ruin. "All this time
those portions of the world whose
ports were open were ready to pay
almost any price for our products
and when we finally rallied and set
once more in motion the ships of
the world, prosperity returned to
the farms of America. But prosperity
never returned to the farmers of
those nations which remained cut
off from the seas.

"Take the case of Australia,
for instance. There three crops
have remained unsold on the farms.
There were no ships which could
be spared to make the long voyage
to Australia; and so, in spite of
the efforts of the Government to
save the farmers from ruin, grain
has rotted in the open because
there was no place in which to
store it, and millions of tons have
been spoiled by mice and other
rodents.

To The Sunday School People of Crittenden Co.

Remember May 5th 1918, go to Sunday school day, and every body go, and take some one with you, and go every Sunday you can during the year. At the funeral of Bro. R. M. Franks, at Hurricane, Bro. W. J. Hill asked the relatives, to grant him permission to get money through the Sunday schools to erect a monument to his grave, and Bro. Hill has appealed to the people at different times and places, through the Record-Press, and some have responded but doubtless the family, would long since have had it done, had they not granted Bro. Hill his request, and now let every Supt. in the county take a collection for that purpose on May the 5th, and send it to W. J. Hill, Marion, Ky. R. 5. We all remember the faithful, and efficient service, of Bro. Franks, as our county President, for a number of years. And now let us show our appreciation for him by a prompt and liberal response, and I would like to have the name and address of every Supt. in the county, and also a report from every school, giving the number of officers and teachers, number enrolled, and number of conversions. Send your report either to R. H. Thomas, Sheridan, Ky. R. 1. or to Herschel O. Franklin, Marion, Ky. Ford's ferry Route.

KENTUCKY WILLS TO WIN THE WAR

PEOPLE DISPLAY THE RIGHT SPIRIT TO HELP BOYS AT FRONT.

ARE WILLING TO SAVE WHEAT

Food Administrator Delighted With Splendid Enthusiasm of Blue-Grass State To Give Up Men, Money and Food For Liberty's Cause.

—Louisville, Ky.

Telling blows against the Germans are being struck by the Food Army of Kentucky—the army which includes all the farmers of the country, all the city people who are raising war gardens, and all the people in both city and country who sit down to three square meals a day. All parts of the state are represented in the army raised by the Food Administration and which, under the banner reading "Food Will Win the War" is conducting the big Spring Offensive against waste at home and hunger and want in the ranks of the Allied soldiers and their dependents.

Federal Food Administrator F. M. Sackett is pleased at the work being done. Kentucky is a hard state to reach, but it can be reached, and it has been reached. Mr. Hoover's admonition, "Food Will Win the War," is being needed, and President Wilson's injunction to "enlist in the service of the Food Administration" is being followed unreservedly.

Every county in the state has a Food Administrator. Any mill, any merchant, any farmer, any consumer troubled by a vexing technical regulation can get his troubles removed, or settled, by going to the nearest county seat. And the administrators without exception report a willingness to cooperate which is met with everywhere. "If wheat is needed, wheat will be raised in my county, even though a financial loss is entailed," is the way one administrator put it in conversation recently. "Then if it is necessary the people who raise it will sell it all, so our soldiers and their associates in arms can get it, and themselves eat cornbread all the year."

Something of that same spirit has been manifested both by producers and consumers everywhere in Kentucky. Mr. Sackett was not at all surprised at the composure with which the latest wheat-saving regulation was promulgated, for this very reason. The latest regulation says no person must eat more than six pounds of wheat a month, which is one and one-half pounds a week.

"And that means six pounds of all kinds of wheat products, too," one administrator explained. "It doesn't mean six pounds of bread, and then a lot of macaroni and cakes and crackers, too. It means six pounds of wheat products per person per month."

Soldiers and their families must have bread. Wheat is the only bread-making product which can be sent to Europe now. Corn would germinate during the long journey. American and Allied soldiers must have wheat bread or quit fighting; hence the Food Administration has asked the people of Kentucky to limit themselves to six pounds of wheat flour per month.

Continue Wheatless Days.

Federal Food Administrator F. M. Sackett advises the continuance of wheatless days. "Continued observance of wheatless days and meals will aid in keeping consumption down," Mr. Sackett said. "People are offered the alternative of saving wheat by doing without entirely on certain days and meals, or by using less at all times, but I would recommend both. Saving wheat is a military necessity and individual consumption must be held to six pounds a month if we are to win the war."

"Potato Week" has been highly successful. Merchants everywhere pushed the sale of potatoes and it is believed potatoes were found on the dining table at every meal in a majority of homes. Mr. John W. Burns, of the Food Administration office in Louisville, who has had years of experience in the milling business, estimates that the people of Kentucky have saved 10,000 barrels of flour by eating potatoes during "Potato Week."

No Seizure Needed Here.

The announcement comes from Washington that the appeal to farmers of the whole United States to be patriotic and bring all their wheat to market has met with an unsatisfactory response in some sections of the country that has been rather distressing. If the Washington announcement had been put in plainer words, it would read: "Some American farmers are not patriotic. They think more of getting a little extra money for their wheat than they do of the American and associate soldiers who need bread so badly."

But Washington has sent out another announcement. It is that unless farmers market their wheat by May 1 the government may seize it.

Kentucky farmers can not understand why such drastic action should be necessary. Kentucky farmers realize that a farmer who holds on to his wheat when the army needs it, trying to extort more money in payment therefor, is just as heartless as the man who refuses to give a soldier a drink of water.

Following Letter Explains.

Mr. R. F. Dorr,
Marion, Ky.,

Dear Mr. Dorr:

I am just in receipt of a copy of the Crittenden Record-Press of Thursday the 18th, and notice the splendid ad which you donated to the Liberty Loan cause.

As you probably know, the Western District of Kentucky leads the United States in subscriptions for the Third Liberty Loan. This result has been accomplished by the splendid co-operation of such men as you, who are willing to spend their own money to help in the distribution of the bonds in their communities.

I wish to thank you in behalf of the Liberty Loan Organization of Western Kentucky for your splendid co-operation.

Yours very truly,
JAMES C. WILSON,
Vice Chairman.

"Keep the Home Fires Burning"

The advertising for the Third Liberty Loan in this city has been made possible through the patriotism of the following firms, who have generously contributed the space in which the advertising will appear:

Tonight there will be American boys in lonely listening posts far out in the desolation of No Man's Land, American boys in the darkness and the mud and cold of the trenches under the ceaseless thunder of guns and the scream of shells, American boys tramping along the pitch-black, shell-

torn roads. Through the long, dreary hours, as they wait and watch in the dark, while dangers lurk on every hand, their thoughts turn to the homes they have left behind, homes on distant farms, in scattered villages, in great cities, and they see in imagination the pleasant home lights shining out into the night.

HOW A FATHER FEELS TOWARD HIS SON.

Richardson Wright, in "Letters to the Mother of a Soldier" in The Red Cross Magazine for May, reminds us that "Mother" is not the only one to pity when the boys go off. "Father" needs a helping hand to bear his sorrow, too. Says he:

"The going of their sons has worked a great transformation among fathers. They look ahead, just as you look ahead, fearful of the outcome. The man child who bears their name is at the front. Here is pride for you! Here is also dread and anxiety and speechless horror.

"For a man looks on a son as an artist looks on the statue or the painting that his hands have created. He is the embodiment of his dreams, his wealth, his playmate, his scholar, his stutor, his available future. The mistakes he has made he shall rectify in his boy. The weaknesses to which he has succumbed, his boy shall conquer. To a father his son is his second chance, his beginning again, his hope of eternal salvation. So long as he has that boy he is immeasurably rich and his future is safe. When he loses him, he loses his immortality in the flesh."

Cottage-Cheese Worker Named for Kentucky.

Washington, D. C.—The Bureau of Animal Industry of the United States Department of Agriculture has named Miss Dorothy Ratcliff, a home demonstration agent of Princeton, Ky., to encourage in Kentucky the production of cottage cheese on farms and also to stimulate its use in homes.

Miss Ratcliff, one of 47 women agents named for as many States, is to co-operate with Federal and State agricultural and home demonstration agents.

Miss Madge Reese, formerly State home demonstration agent in Alabama, is the leader in the cottage cheese work for the Southern States.

The work in Kentucky will be part of the Department of Agriculture's national campaign, in co-operation with the United States Food Administration, to encourage the use, as well as the production, of cottage cheese, which experiments by the department have shown is equal in food value to meat.

Cottage cheese can be made from skim milk or buttermilk, now largely wasted or fed to animals, and its extended use is expected to save a large amount of meat which can be used by the armies and allies of America.

Richardson Wright

Gives Some Timely Advice.

Richardson Wright gives some timely advice in the Red Cross Magazine for May, to the moth-

ers of our soldiers and sailors.

"We must," he tells them, "steel ourselves to accept the tragedies of war. We must be mentally ready—trained to receive blows and to 'come back.'"

You can 'come back' if you are willing to train. A boxer trains for a fight, a runner for a race, why not you, mothers and fathers, for the spiritual conflicts which are surely coming to pass.

Do not think that you can hastily acquire a stoicism to meet a desperate emergency. On the hand, do not be constantly expecting a blow. Worry will no more prevent its coming than worrying will stop a bullet in its course. Instead, go about your day with an air of determination' assurance and cheer.

"Keep yourself in the best possible health. The strong body will help maintain the strong mind. Do not overdo war activities. Have other interests—go to the theatre now and then; drop into a 'movie'; eat out at a restaurant or a friend's house once in a while.

"Always carry your head high. You have a right to your pride, besides, carrying your head high will make you walk correctly, and walking correctly, is good for ones figure!

"I also think that the well-held head indicates the well-held spirit—a soul reserved, calm, observant, sure of itself. If you do this in public, you will also do it in private. You will be a Spartan mother."
